RX PRISM IS AVAILABLE ON ALL PROGRESSIVE LENS DESIGNS.

The maximum amount of prism or combination of prism is 5.00 diopters in any direction. Diameter - The minimum uncut diameter offered is 60mm; the maximum is dependent on blank availability. Lenses are cribbed to the nearest value at least 1mm greater than $\,$ the final shape in 2.5mm steps.

^{*} Kodak DSII and Unique DS are not available in Total Blue Lens. Total Blue Lenses include AR and have blue light filtering properties.
